Kisun Lee  
School of Mathematics

Dear Kisun,

It is my pleasure to let you know that the Graduate Committee of the School of Mathematics has selected you as a recipient of the Outstanding GTA Award in the School of Mathematics for the year 2020. This is in recognition of your excellent work as a TA and overall dedication to the educational mission of the school.

I am also pleased to attach a constrained financial reward associated with this award: \$300 which you can spend on books, supplies, professional travel or the like, by June 30, 2020. Please seek assistance from Natache Sumter on how to collect this reward.

Sincerely,

Xingxing Yu  
Professor & Director of Graduate Studies
